Dear friends of Open Space,

Purpose

after gathering for the First European Open Space Learning Exchange in Paris in October 2009, we are happy and proud to invite you to come to Cagliari / Italy in May 2011 for the Second European Open Space Learning Exchange.

This event is a unique chance to meet and link up with other European colleagues and learn how they are using Open Space in their work and daily practice. Living, experiencing and working in Open Space for three days with people from all over Europe interested in Open Space Technology. How does it work? Why does it work? How can I make a living with it? What is selforganisation, anyway, and what does it have to do with Open Space Technology? What is it useful for? Why are people so enthusiastic about it?...

This event is an opportunity for you to...

- Deepen Open Space Principles in your work and live,
- Connect with Open Space practitioners from around Europe,
- Share your experience and exchange ideas,
- Reflect on how we can expand our practice with Open Space,
- Refresh and have fun!

Please forward this invitation to any of your colleagues and contacts who may be interested.

Registration

For further information and to register, go to: <http://en.boscop.org/events/636>
